

dream it. live it. love it.

the loren

The Loren takes the idea of a granny flat to a whole new level of living. This smart three-bedroom two-bathroom home can not only provide separate living for a multigenerational family, but also a potential rental income stream. Step inside the welcoming open plan living area, with breakfast bar and pantry to the kitchen and ample proportions for the dining and living areas, then discover how careful consideration to design has maximised privacy to all bedrooms.
